Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

WHO Regional Office for the Western Pacific, Philippines, 2014. Paperback. Book Condition: New. 250 x 210 mm. Language: English . Brand New Book. The Health Systems in Transition (HiT) profiles are country-based reports that provide a detailed description of a health system and of reform and policy initiatives in progress or under development in a specific country. Each profile is produced by country experts in collaboration with an international editor. In order to facilitate comparisons between countries, the profiles are based on a template, which is revised periodically. The template provides detailed guidelines and specific questions, definitions and examples needed to compile a profile. The HiT profiles can be used to inform policy-makers about experiences in other countries which may be relevant to their own national situation. They can also be used to inform comparative analysis of health systems.
