Abny Media Group, United States, 2012. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book. December 21st, 2012--the most anticipated and talked about day in human history. The day when a galactic alignment between the Sun, the Earth and the center of the Milky Way Galaxy will occur, marking the end of a 26,000-year life cycle. In 2012, the cosmic battle of the ages rages on as the world transitions from the Age of Pisces into the new Age of Aquarius--the time, it is thought, when balance between men and women will finally be achieved. When Darius Prince, a 30-year-old highly ambitious Wall Street stockbroker, receives a cryptic message on his trading screen, his life takes an unexpected turn for the worse. As he sorts through the bizarre meanings behind the symbolic message, he discovers a trail of clues that lead him to believe he has a higher purpose--and that somebody is out to destroy him. When a comet aligns with Stonehenge, he begins having apocalyptic visions of the future and is confined to a mental institution. Labeled paranoid and bipolar by his doctor, he escapes when an attack is made on his life and embarks on a series of quests to find his soulmate and fulfill his destiny. The first in a fictional series that intertwines biblical prophecy with the legendary Grail Myth, SUN OF APOLLO ventures deep inside an apocalyptic New World Order in 2012--the rise of the New Roman Empire.
