Biology at Princeton (1947 - 2012) (Paperback)

By John T Bonner

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.John Bonner has been a developmental and evolutionary biologist for over sixty years. In earlier books he described his own history and the sweeping changes in biology during that period (2002, *Lives of a Biologist*, Harvard University Press; 1996, *Sixty Years of Biology: Essays on Evolution and Development*, Princeton University Press). For many years John has entertained colleagues with vignettes of his earlier associates and anecdotes about inhabiting and eventually chairing a Biology Department at Princeton University, as Ecology and Evolutionary Biology came of age and became a Department of their own. This small volume records these stories in an engaging personal narrative that is sometimes hilarious and always enlightening.

Reviews

Extremely helpful for all class of people. We have read through and that i am confident that i am going to going to read through again again down the road. Its been designed in an exceedingly basic way in fact it is simply following i finished reading this pdf in which in fact altered me, alter the way i think.

-- **Noel Stanton**

Absolutely one of the best pdf We have ever read. I really could comprehended every little thing using this written e book. I am easily could get a satisfaction of reading a written publication.
