Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Written in concert with Adobe's development of the Photoshop Lightroom 2 Beta, The Adobe Photoshop Lightroom 2 Book for Digital Photographers - by #1 bestselling computer and technology author, Scott Kelby - is the most complete and concise Lightroom "how-to" book for digital photographers of all skill levels. In The Adobe Photoshop Lightroom 2 Book for Digital Photographers, Scott walks readers through the basics of Lightroom use, leading them to a brilliantly devised and super efficient digital photography workflow that dramatically improves productivity and allows photographers to spend less time processing photos and more time shooting them. Throughout the book Scott shares his personal camera and Lightroom settings, as well as the studio-tested techniques he's developed for his own photography workflow. The book is written in his trademark step-by-step, plain English style, and because he knows what really works and what doesn't, he isn't shy to tell you flat out which tools to use, which to avoid, and why. This allows digital photographers of any skill level to jump right in using Lightroom like a pro from the very start, sidestepping a lot of the frustrations that typically haunt those unfamiliar with new applications especially those as powerful as Lightroom. 429 pp. Englisch.
