

## Fun with Soup: It s Economical Healthy as Well (Paperback)

By Kip Koehler

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The history of soup goes back many thousands of years. Its genesis may have been for tenderizing tough vegetables and extracting the last bits of meat off of bones. That was, of course, a time when nothing eatable would be allowed to go to waste. Today it is difficult to find the organ meats which were a staple for many, especially for poorer folks. One historical story has it that wealthy landowners in the South ate mostly the meat from their cooking pots and left the dregs for the house and field hands. As it turns out, this leftover part of the soup contains most of the nutrition, and the workers may have been healthier than their employers or their owners.

### Reviews

*An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Elenor Koch PhD**

*This publication will be worth purchasing. It is writter in straightforward words and not hard to understand. I am just very happy to explain how here is the best ebook we have read in my own lifestyle and might be he best publication for at any time.*
