Brand New Book ***** Print on Demand *****.This is a work of fiction which tells the story of a young man named Victor. This story is his transformational journey of few months when he came in touch with a secret mantra. The story looks at the various aspects of a teenage mind and tries to deliver a message to the readers who can utilize these messages in their own life. The teenage mind, contrary to all the confusing data disproving their focus, is a powerful untapped resource. Teenagers are generally at a certain level of life in which they are bit confused about their feelings and their ambitions. The education system in most of the countries of the world does not focus on unlocking the potential of the teenage mind which can be exceptionally creative and analytical. In societies too teenagers are considered as rookies who do not have any seriousness or expertise to do anything of value. They are supposed to only focus on their studies and aim to receive good grades. They are also generally dependent on their parents for financial support which blocks the freedom of thinking independently. But, if we look at the stories of successful people who have changed the course of societies and history then we would find that these men and women first identified their unique gifts in their teenage years. There are people like Steve Jobs and Bill Gate, who started in their teenage years, changed the way the people communicate and compute. Many teenagers are stuck at the mediocre level from which they are not able to release themselves for their whole life. The inferiority complex and lack of confidence which they had in their teenage...
